UI/UX & FRONTEND PROJECTS

GiftVibes (E-commerce UI/UX & Frontend Lead)

- Designed intuitive user flows and a clean UI for B2B/B2C customers, from initial wireframes to high-fidelity, interactive prototypes in **Figma**.
- Wrote clean, responsive, and pixel-perfect frontend code using **Next.js**, **TypeScript**, and **Tailwind CSS**, ensuring visual consistency with the brand's design language.
- Conducted user research to define product-market fit and iterated on designs based on **usability testing** feedback to improve conversion paths.
- Collaborated with (myself as) the backend developer to integrate APIs and translate complex business logic into a simple, user-friendly interface.

Kiskax (Reddit Bot Dashboard UI/UX)

- Designed and prototyped a user-facing admin dashboard in **Figma** to track community engagement metrics, translating complex bot logic into a digestible, user-friendly interface.
- Built the responsive dashboard frontend using **React.js**, **TypeScript**, and **Tailwind CSS**, focusing on clean code and data visualization.
- Managed all user feedback and bug reports, conducting informal usability tests to rapidly iterate on the UI and improve the admin experience.

OTHER EXPERIENCE

Freelance Social Media Specialist

Oct 2025 - Present

- Managed social media strategy, content creation, and ad campaigns for multiple clients (SNK Global, AeonManpower, IMB360) to grow community engagement.
- Collaborated directly with startup founders to develop content that adhered to their brand's design language and voice, providing regular performance reports.

EDUCATION

2022 - 2026 (Expected) Bachelor's Degree at **Guru Gobind Singh Indraprastha University (GGSIPU), Delhi**
